1 Compression Stocking Aid

A stocking aid which will apply support hosiery quickly and evenly. Grooves catch the compression stocking and prevent it from popping off. Works like a traditional sock aid - just pull the stocking over the shell, insert the foot and pull the cord to bring the hose up onto the leg. Suitable for Class 1 and 2 stockings. Recommended for below knee stockings.

Small: 130mm wide x 140mm high (5 1/4 x 5 1/2").
Large: 150mm wide x 145mm high (6 x 5 3/4").

Weight

081289834 Small 960g
081289842 Large 980g

2 Etac® Sock Support and Compression Stocking Aid

This stocking aid is designed for putting on support stockings of various lengths and types. The large handles make it easier for others to assist the user in application. It can also be used with only one hand. Length 1m (40"). Width 200mm (8"). Weight 90g.

091095579

3 Sock and Stocking Aid with Comfy Foam Handles

Comfy and simple to use device that helps individuals pull on socks or stockings. Just place the garment over the flexible plastic core, insert foot and pull the cord's two soft, foam handles to bring the garment over the heel and up the leg.

For one-handed use, use the continuous loop cord with foam handle. Four versions available. Core length 240mm (9 1/2"). Cord length 600mm (24"). Width 100mm (4").

081007640

081007665 Continuous Loop
081007673 Continuous Loop with Notch
081007681 Continuous Loop Wide Style

4 Sock Aid

So easy to use, simply pull the sock over the aid, insert the foot and pull the straps to bring the sock up over the foot. The cord style helps apply shorter socks whilst the wide style helps apply socks for people with larger feet. The wide style also features a flat design, preventing the sock aid rolling whilst the sock is being applied.

Cord style: Length 255mm (10"). Width 100mm (4").
Wide style: Length 255mm (10"). Width 127mm (5").

081289784 Cord Style
081289859 Wide Style

1 Homecraft Dorking Stocking Aid

A simple, inexpensive device to assist with putting on a stocking or sock especially if bending and reaching to the foot is difficult. It consists of a strong, shaped, flexible plastic gutter with long cotton tapes attached to the top. The stocking or sock is fed on to the plastic and held in place with the side notches. The foot is put in the open end of the stocking, which is then pulled over the foot and up the leg using the tapes. Cord length 920mm (36"). Gutter length 229mm (9"). Weight 55g.

081305705 Standard - Retail Packed

091095421 Standard - Non Retail

081305713 Side Slot - Retail Packed

091095454 Side Slot - Non Retail

2 Homecraft Dorking Tights Aid

This works on the same principle as the stocking aid above, but has a double gutter to enable it to be used for tights. Cord length 920mm (36"). Gutter Length 229mm (9"). Weight 106g.

091095504 Retail Packed

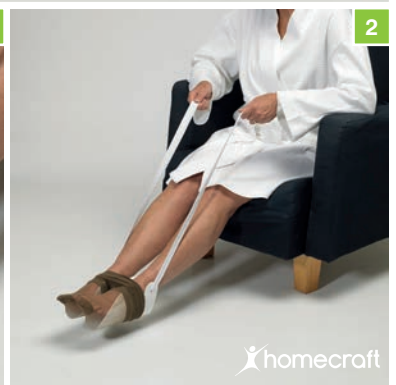

091095496 Non Retail

3 Etac® Socky Short Stocking Aid

Designed for those with reduced movement in the back, hip or knee joints. The stocking or sock is placed over the fabric sock aid and via the use of ties the stocking is pulled up the leg. The sleeve is small and light so can be easily transported. Available in light green only. Cord length 650mm (25 1/2"). Length 400mm (15 3/4"). Weight 96g.

091095520

RETAIL PACKAGED

1 Homecraft Terry Cloth Sock Aid

1 **Homecraft Terry Cloth Sock Aid**
 Sock application is made easy with this flexible, plastic sock aid. Slits in the plastic core allow it to bend around the heel. The inside is lined with nylon to reduce friction. The outside is lined with terry cloth to hold the sock firmly until it is on the foot. Two pulling tabs with loop handles permit one-handed application. Hand wash only. Length 230mm (9"). Weight 73g. **091095500**

2 Homecraft Brevetti Sock and Stocking Aid

2 **Homecraft Brevetti Sock and Stocking Aid**
 Designed to help those with restricted mobility, enabling the user to successfully apply socks. The Brevetti is also very effective used with stockings. It consists of a plastic collar or gutter for holding the garment at one end, and a plastic shoehorn with a notch for easy sock removal at the other. A coated steel tube connects the two. Length 737mm (29"). Weight 386g. **091095603**

3 Homecraft Terry Cloth Tights Aid

3 **Homecraft Terry Cloth Tights Aid**
 Similar to the Sock aid above (091095603), but for application of tights. The terry cloth holds the tights firmly in position. The pulling tabs have large looped handles for easier control over the tights aid. **091184308**

homecraft

1 Homecraft Dorking Stocking Donner

Compact in design, the Dorking Stocking Donner is both stylish and sturdy. Extendable handles enable easy application of stockings and socks for those with limited reach. The hold down handles rotate 90°, creating a more comfortable position for the user whilst applying the stockings. The central column, that holds the stocking, has a small ridge that prevents movement during application. The column also widens at the top, allowing room for the larger calf. Epoxy coated for a smoother surface that reduces the risk of snagging.

Size 310mm (12¹/₄") high, 205mm (8") wide, column height 205mm (8"), column width 125mm (5"), column depth 85mm (3¹/₂"). Height with handles 560mm (22").

081330869

2 Homecraft Dorking Tights Donner

Similar to the Dorking Stocking Donner, but with twin columns designed for use with tights. The lightweight frame enables those with less strength in the upper body to apply the tights with ease. Width 380mm (15"), height with handle 560mm (22"), depth 130mm (5").

091095447

3 Jobst® Stocking Donner

Designed to help individuals with limited strength and mobility pull on vascular stockings. Comfy foam grip handles make it easy to pull and a durable epoxy finish provides a smooth, no-snap surface. Compact in size and lightweight. Measures 343mm (13¹/₂") high, 178mm (7") wide between handles and 114mm (4¹/₄") wide at foot insert.

081007830

4 Heel Guide™ Compression Stocking Aid

Unique indented channel on the inside of the centre cone acts as a feel guide and keeps the foot in the perfect position while effortlessly pulling on the compression stocking. The extra wide cone is ideal for people with oedema or larger feet. High sturdy handles reduce the need for bending or stretching. The handles also feature 3 gripping levels to accommodate different heights and hand sizes. Tested on compression hose up to 30-40 mmHg. Easy to assemble and can be taken apart for travelling or storage. Height 425mm (17"). Width 30mm (12"). Depth 200mm (8").

These products are supplied in retail packaging.

1 Homecraft Dressing Stick

This wooden stick with rubber tip at one end, and special double wire hook at the other, is used to pull on or push off garments that cannot be reached easily e.g. socks. Length 520mm (21"). Weight 236g.

091095686

2 Deluxe Dressing Stick

This wooden handle dressing stick has a large dressing hook at one end and a smaller looped hook at the other end, enabling it to be used for a number of dressing tasks. May be used for pulling shirts or jackets on, raising socks, skirts or trousers and operating zips.

081287291 Length 650mm (26") with end hook

081287309 Length 910mm (36")

3 The Dressing Solution Dressing Stick

Combines two functions in one aid - a dressing stick and a shoehorn. One end has a strong plastic, push-pull S-hook that retrieves clothing or other items. The other end is a long-handled shoehorn. The thick, easy-to-hold shaft has a foam covering to improve grip. 660mm (26") long. Weight 142g.

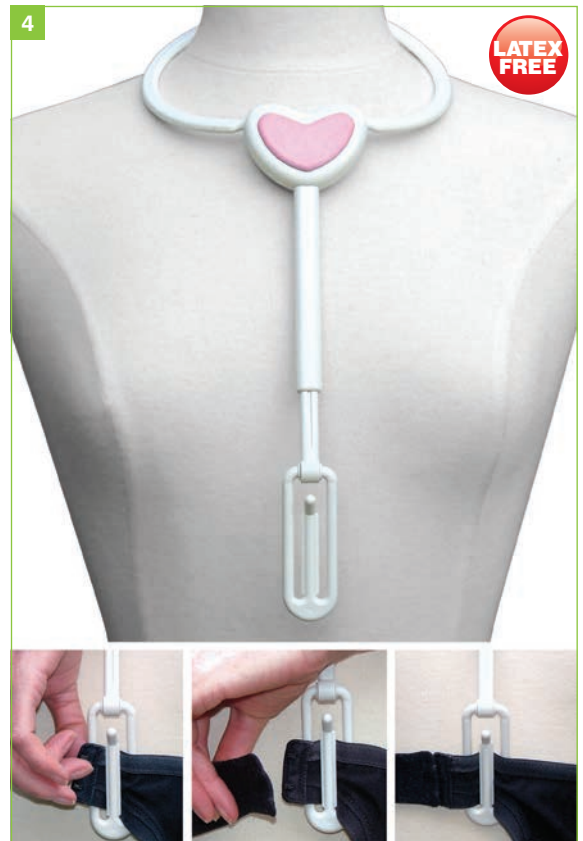

081007889

4 Buckingham Bra-Angel

Occupational Therapist Chris Clarke has designed the unique Buckingham Bra-Angel specifically to assist those with mild to moderate upper limb restrictions or limited hand dexterity. The Bra-Angel holds one end of the brassiere securely whilst the other end is brought round the body and attached together. It even enables those who only have the use of one arm to be able to put on their brassiere independently. The Bra-Angel is a stylish, feminine and attractive dressing aid combining innovation and simplicity. It is versatile and designed to fit most brassiere types and easily adjusts to a wide variety of sizes. The telescopic action allows the Bra-Angel to be compacted and easy to carry.

Latex free. Length 400mm (16"). Width 40mm (1 1/2"). Weight 100g.

1 Homecraft Long Handled Combs and Brushes

These utensils assist those who cannot raise their arm or reach behind their head to comb their hair. They consist of a lightweight moulded plastic handle with a push-on extension piece, and a hinged end piece which holds the comb or brush and has two different angled positions. When not in use, the comb or brush folds back into the handle and the extension can be taken off to give a pocket sized item. Length: With extension 460mm (18"); With handle 320mm (12½"). Length folded 235mm (9¼"). Colour may vary.

EFFECTIVE, AFFORDABLE SELF TREATMENT FOR LIFE

**1 TREAT YOUR OWN BACK**

This easy-to-follow patient handbook provides the reader with an active self-treatment plan to resolve and manage back pain. First published in 1980, Treat Your Own Back has featured in many studies, which over the years have proven its benefits and validity. Now in its 10th Edition, this Treat Your Own Back has probably helped more people achieve freedom from back pain than any other publication. ISBN 978-0-9951075-0-2 Revised A5 Portrait English edition.

091230788**2 TREAT YOUR OWN NECK**

This book addresses many of the problems associated with neck related pain, including headaches and shoulder pain. It outlines active patient exercise and prevention programmes for various types of neck pain. It provides education and understanding to help prevent recurrence of symptoms. ISBN 978-0-9582692-9-2.

091230762**3 TREAT YOUR OWN SHOULDER**

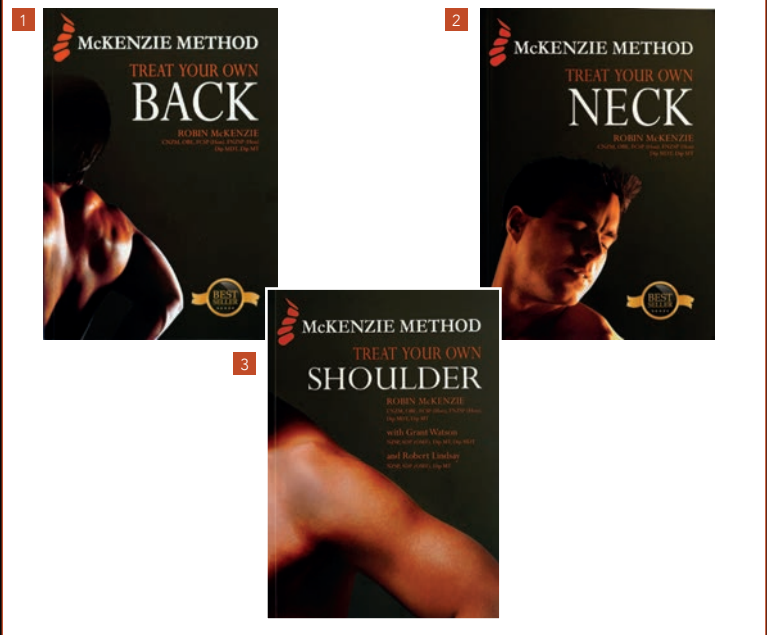

This easy to follow patient hand book provides the reader with an active self treatment plan to assist in resolving and managing shoulder pain. The book clearly explains how to identify whether the pain is coming from the neck or the shoulder. ISBN 978-0-9582692-5-4.

091312172**4 THE ORIGINAL McKENZIE® CERVICAL ROLL**

Helps relieve postural neck and shoulder pain by supporting the cervical spine during sleep. Should be placed inside the patients pillowcase to provide extra support. Length 510mm (20"). Height 90mm (3½").

091231786**5 THE ORIGINAL McKENZIE® NIGHT ROLL**

The Night Roll ties around your waist or can be pinned to the bed sheets, to support your lower back and prevent strain that can be caused by bad sleeping positions or inadequate sleep surfaces. This roll is designed to be worn whilst sleeping, it supports the lower back whether you're lying on your back or side. Washable cover included. Height 100mm (4").

091231893 910×100mm (36") Waist**091231901** 1065×100mm (42") Waist

THE ORIGINAL McKENZIE® LUMBAR ROLLS

Designed by world-renowned physiotherapist and author, Robin McKenzie, these lumbar rolls when used correctly can prevent and help neck and back pain caused by poor posture. Made to the highest quality and specifications, the Original McKenzie® rolls are the genuine article. Ideal for use in the home or office.

1 THE ORIGINAL McKENZIE® D-SHAPE ROLL

Firm Density: The Original McKenzie® D-Shape Roll is made of high density foam and is therefore quite firm. It is recommended for use on soft furnishings such as sofas, lounge chairs etc or for people who require lots of support (heavy-built people, or people with a large hollow in the lower back). Dimensions 300×140×100mm (12×5½×4”).

091231802

2 THE ORIGINAL McKENZIE® SUPER ROLL

Firm Density: The Original McKenzie® Super Roll is a superior lumbar support that provides the ultimate in function and aesthetic value. This roll is made of injected-moulded foam, which retains support for an almost indefinite period. It's flatter, curved shape contours comfortably around the body. Dimensions 370×165×150mm (14½×5¼×6”).

091231877

3 THE ORIGINAL McKENZIE® ROUND ROLL

Medium Density: The Original McKenzie® Round Roll was the first ever lumbar roll made in the world. Although this roll looks quite bulky, it compresses down very easily, while still giving the appropriate support. Available in a 100mm (4”) or 125mm (5”) thickness. Dimensions 280×130mm (11×5”).

091231752 100mm (4”)

091231745 125mm (5”)

4 THE ORIGINAL McKENZIE® SLIMLINE ROLL

Medium Density and flatter design “for just that little bit extra”: The Original McKenzie® Slimline Roll is designed to be used with modern seating that has some lumbar support. Ideal for the elderly or petite persons and those who have a limited range of motion in their lower back and therefore cannot tolerate the larger size lumbar roll.

Dimensions 350×200×55mm (13¾×8×2”).

091231737

5 THE ORIGINAL McKENZIE® HEAVY DUTY ROLL

Heavy Density: The Original McKenzie® Heavy Duty Roll is available in 100mm (4”) and 125mm (5”) thickness, and is perfect for use in the home or the office. Dimensions 305×100mm (12×4”).

091231778 100mm (4”)

091231794 125mm (5”)

6 THE ORIGINAL McKENZIE® AIRBACK™

This inflatable lumbar roll is ideal for commuters and travellers. Especially useful on planes where the lumbar support is generally inadequate for long distance travel.

091231851

1 Dynaspine Back Support

Dynaspine is a revolution in back support technology, as its unique design provides dynamic support for the back. Dynaspine is designed to help alleviate backache or back pain and also to prevent symptoms of a bad back, whilst in the seated position. Studies of the latest research into the management of back pain have shown that sitting in an ergonomically sound seated position – allowing for some correct movement of the spine – reduces pressure on the spinal joints and discs, decreases muscle fatigue and reduces back pain. Dynaspine has two flexible back support plates, which mould and adjust to your position whilst seated, it ensures the correct posture is maintained and your back is always supported. Dynaspine is fully portable, fits into most seats and comes with a free carry case. Washable removable covers.

091429141 Black

2 Backfriend Back Support

A seat which has been designed with orthopaedic and ergonomic considerations in mind. It will improve posture and comfort in a variety of locations i.e. the home, office or car. The two piece seat is contoured and moulded to give firm and shaped lumbar support. It is easy to adjust to ensure that the backrest curve is always at the correct angle. Covered in a quality beige fabric. A hand grip has been built in for ease of carrying when folded. Available as a standard or padded version for additional comfort. Folded 508mm long x 419mm (20 x 16 1/2"). Weight 1.6kg.

091092063 Standard

091092071 Padded

3 Sitback Plus

For the larger framed person who needs a wider back support. Complete with stitched belt. Size 330 x 400mm (13 x 15 3/4").

091232156 8° 360×360×70mm (14¹/₄×14¹/₄×2³/₄")

3 Flexible Adjustable Back Brace

A deep, elasticated lumbar support belt with spine support pressure pad. The pad gently applies pressure to the lower back and supports the abdomen and spine to reduce minor back pain. It adjusts via two hook and loop panels and fits comfortably and discreetly under normal clothing. Width of belt 228mm (9"). Weight approx. 220g.

Hip Size

091092535 863-1016mm (34-40")

091092543 1016-1220mm (40-48")

4 Neck Support Cushion

A must for anyone travelling, reading or watching television. Made from pure new wool pile, it is extremely comfortable. It may be beneficial for people with neck problems.

Size 320×320×100mm (12¹/₂×12¹/₂×4"). Weight 550g.

091091784

5 Inflatable Neck Cushion

A lightweight, easily inflated, crescent shaped cushion that sits around the neck to support the head whilst sitting. Finished in a suede feel PVC, it folds to pocket size and can be stored in the matching bag supplied. Ideal for use when travelling.

Size 460×267mm (18×10¹/₂"). Weight 110g.

091091909

091091917 Spare Cover

2 Easy Body Cushion Support

A versatile U-shaped cushion that can be used to give support and comfort to various parts of the body. It can be used on the floor or in a bed to lift the head and neck when reading or it can be wrapped round the waist when sitting to give the back support. Alternatively, it can be used between legs to help keep hips in alignment, or to help keep the user in a particular position, eg. the recovery position. Also useful in bed to keep the body stable and provide comfort. Optional washable 100% cotton cover. Colour may vary. Washable at 30°C.

091091750 Easy Cushion without Cover

091091768 Easy Cushion Zipped Cover

3 Contoured Pillow

This orthopaedic pillow supports the head and neck. The nodular top surface allows air to circulate. Size 540×350mm (21¼×13¾"). Weight 1.05kg.

091091867

4 Rolyan® SleepRite™ Pillow

A quality orthopaedic pillow specially shaped for cervical support, and contoured central area for various sleeping positions. Latex free. Size 380×610mm (15×24"). Weight 1.1kg.

081294420

5 Air-Core® Adjustable Pillow

With a simple squeeze of the pump, the pillow can be inflated providing the most appropriate support for the individual. The second lobe provides traditional fibre support. Filled with a premier, antimicrobial fibre. Size 610×410mm (24×16¼").

091385343

6 Royal Rest® Pillow

Royal Rest pillows stay cool and fresh throughout the night. The material is cut, rather than moulded, therefore, the cells in the foam remain open. Air circulation is maximised thereby reducing the discomfort of sweating. The pillow cover is made of 100% cotton helping people with sensitive skins to enjoy a comfortable and restful sleep. Size 500×380mm (19¾×15").
