1 6-in-1 Multi Opener

This Multi Opener has a durable and comfortable grip and opens six different types of seals and lids with ease. The unique tool removes hard-to-grasp safety seals, opens metal bottle caps, can ring pulls, and stubborn jar lids or bottle tops. The unique enclosed blade feature cleanly slices open tightly sealed bags. Weight 99g.

091168699

2 Homecraft Mighty Lever Jar and Bottle Opener

The flexible stainless steel band is fitted around a lid, and then clamped tight using the screw at the end of the handle. The handle can then be used as a lever. Suitable for tops 20 to 110mm (3/4 to 4 1/2") diameter. Weight 88g.

081501329

3 Homecraft Undo-It Jar and Bottle Opener

A V-shaped coated metal opener with non-slip lining that is screwed underneath a shelf or cupboard. The jar is slid into the V until the lid wedges. It is then twisted to remove the lid. Suitable for tops 25 to 75mm (1 to 3") diameter. Measures 140x100mm. Fixings not included. Weight 145g.

3 Dycem® Jar Opener

Dycem's non-slip jar opener is another everyday essential from Dycem's non-slip range. Simple yet extremely effective, the jar opener provides a tighter, more thorough grip and makes stubborn jar lids a thing of the past. Soft and malleable, the jar opener is cone shaped so it fits perfectly into the palm of your hand. Dycem jar openers can also be used in conjunction with a non-slip mat for one handed opening of jars.

091095983 **A** Blue

091202613 **B** Silver

4 Dycem® Bottle Opener

Dycem's non-slip bottle opener is an everyday essential from Dycem's nonslip range. The dome shaped bottle opener fits comfortably in the palm of your hand and is soft and malleable for added comfort. Unique grip bars on the sides maximise your grip and enable you to effortlessly unscrew even the toughest bottle lids.

RETAIL PACKAGED

These products are supplied in retail packaging.

1 New Improved One Touch Can Opener

A faster way to open cans of all types and sizes. The new improved One Touch can opener has been redesigned with several improvements to the original One Touch Can opener. The opener is suitable for all types of cans including large pie cans and corned beef style cans.

- Cuts all sizes and shapes above 52mm
- Easier to use, clean and replace batteries
- 50% faster cutting time over Original One Touch Can opener
- Battery life of 100 cans vs Original 80
- Available in Classic or Comfort grip models

091535681

2 Canpull™ Featuring Sodasnap

The Canpull is a durable device especially designed for opening ring pull cans. Extremely easy to use, just hook the end under the ring, fold forwards and then roll back. Suitable for users either with arthritis or with a weak grip. Stores easily on a hook or in the cutlery drawer. Also features a sodasnap, which has been designed specifically for opening the ring pulls on cans of drink. Dishwasher safe.

091096221

3 Spillnot Jar and Bottle Opener

This jar and bottle opener has three sunken cones of different sizes, lined with a non-slip material. When a jar or bottle is pressed in the appropriate cone, it is gripped, leaving both hands free to twist the lid. Can be used in conjunction with certain openers. Fitted with four non-slip feet.

Suitable for tops 44 to 108mm (1 3/4 to 4 1/4") diameter. Base measures 250x170x100mm. Weight 540g.

081015247

4 Homecraft Belliclamp Jar and Bottle Holder

This device hooks over the edge of a worktop and the jar or bottle is then placed in the V. The object is clamped by the ram, which can be pushed with the stomach or hip, leaving hands free to twist the top. The device is made of moulded plastic with non-slip feet and rubber lining. Can be used with most jar or bottle openers. Suitable for items up to 120mm (4 3/4") diameter. Measures 330x190x90mm. Weight 580g. Latex free.

091096148

5 Multi-Opener

A handy, multi-functional opener for bottle caps, screw tops and ring pulls. The handle provides great leverage for opening screw-on bottle tops. Ring pull seals are easily broken by inserting the ring into the end of the opener and lifting. On the same end is a bottle cap opener. The notch on the underside of the opener can be used to break the seal on twist off jar lids to make opening easier. The coloured parts of the opener are a non-slip material to prevent the users grip on the handle from slipping and to secure the opener onto the bottle top. Latex free. Weight 42g.

091096080

6 Baby Boa

A versatile device that can be used to assist with turning or opening in hundreds of instances, inside or out. Gives an excellent grip on any item from 10 to 100mm (1/2 to 4") in diameter. Simply place the loop over the item, pull the tail until tight and then turn in the direction of the arrow. Weight 72g.

091095934

1 Homecraft Stainless Steel Cooking Basket

This stainless steel basket allows vegetables to be cooked and strained without ever lifting a pan full of boiling water. The large flame retardant moulded nylon handle is easy to grip and provides heat insulation. Diameter 165mm (6½") at the top, tapering to 120mm (4½") at the bottom. Depth 90mm (3½"). Weight 245g.

091096890 165mm (6½") Retail Packed

2 Homecraft Peeler and Clamp

This handy device clamps to a table or worktop and enables fruit and vegetables to be peeled using only one hand. Clamped to the work surface by a sliding mechanism, the hardened, swivelling blade is slotted into the top. It is operated by holding the vegetable and pushing it over the blade, away from the user. The peelings then drop onto a plate placed behind the peeler. Suitable for work surfaces 12 to 55mm (½ to 2¼") thick. Measures 260×190×170mm. Weight 510g.

1 Homecraft Kitchen Workstation

This multi-function food preparation unit is designed to provide assistance with many day-to-day kitchen tasks.

Based around a tough, durable chopping board measuring 500×300mm (19³/₄×11³/₄") the workstation also features:

- A removable grater and slicer (with a protective cover) that collects the food with a minimum of mess and waste.
- A raised L shaped corner measuring 130×95mm (5¹/₄×3³/₄") which can be used to hold bread and toast in place whilst it is being spread.
- Removable stainless steel spikes that secure bread, fruit or vegetables in place whilst being sliced, chopped or peeled.
- A removable clamp that can open up to 110mm (4¹/₄") wide and hold any object in place such as a bowl, a tin, bread, vegetables etc. The clamp has a reversible edge, allowing it to be either flat or contoured.

The workstation has four non-slip suction pads that firmly anchor it in place. Dishwasher safe.

081112259

2 Etac® Food Preparation System

This durable cutting board is ideal for those who have difficulty in gripping, or only have the use of one hand. The clamp can fix items such as tins or bowls, and the stainless steel spikes keep vegetables still when peeling or cutting.

It has four non-slip rubber feet to prevent the board from moving. Suction pads are also provided for use on wet surfaces.

Size 315×295mm (12²/₅×11³/₅"). Weight 1.66kg.

091096643

3 Homecraft Clyde Grater, Scraper and Spike

The white epoxy coated steel frame has a grating unit fitted to it with a plated metal mesh blade, for peeling or grating.

The top section is easily detached for cleaning. A stainless steel spike attachment is included for holding vegetables while peeling them with a manual peeler.

Measures 200×230×70mm. Weight 534g.

4 Chopping Board

A white polypropylene chopping board, 300×300mm (12×12"). Stainless steel spikes hold food in place for peeling or slicing. 12mm (½") high corner guards prevent bread from moving when having butter or margarine spread on it. Four suction cups anchor the board securely to the work surface.

091096684

5 Combination Chopping Board

A white polypropylene chopping board, 400×300mm (16 x 12") with a chef's knife attached. The knife has a 185mm (7¼") stainless steel blade and a black plastic handle. It can be removed for cleaning and sharpening. Three stainless steel spikes secure objects for peeling or slicing. 12mm (½") high corner guards prevent bread from moving when having butter or margarine spread on it.

D Homecraft Preparation Knife

Blade length 127mm (5"). Weight 140g.
081305770

2 Homecraft Reflex Comfort Grip Utensils

This range of Reflex Comfort Grip Kitchen Utensils has been designed with a soft-touch overmoulded grip to provide a more comfortable slip resistant grip. The handle is set at an angle to minimise wrist movement when using the product and the grip is slightly larger than the standard range to reduce the amount of finger movement required to grip the handle. The utensils are available with the same stainless steel blades as in the standard Reflex range. Dishwasher safe.

A Homecraft Knife

This high quality stainless steel blade with a smooth sharp edge which is useful for cutting or chopping food. Blade length 205mm (8"). Weight 214g.
091207810

B Homecraft Carving Knife

This high quality stainless steel blade with a scalloped rather than a smooth blade which will stay permanently sharp. Blade length 205mm (8"). Weight 198g.
091207802

C Homecraft Slicing Knife

A high quality stainless steel blade that is long and narrow. Ideal for slicing bread. Blade length 254mm (10"). Weight 192g.
091207828

D Homecraft Preparation Knife

This knife has a scalloped edge and is useful for cutting and preparing food. The blade will not require sharpening. Blade length 127mm (5"). Weight 176g.

Dycem coloured reels are made from a non-woven fabric coated with non-slip properties. They can be used to cover large areas or cut to shape, especially suitable for moulding or wrapping around an object. The clear and check reels are made from a polythene base and are of a stiffer construction. They are more suitable for flat surfaces or when extra firmness is required.

Homecraft Caring Cutlery

The Homecraft Caring Cutlery range is a set of stainless steel utensils moulded into contoured, plastic handles with built up ends. These are of value to those with a weak grip and restricted wrist or finger movement. The knives and forks have a shaped indent on the top for the index finger, to help with directional control. The knives also have a serrated blade to assist with cutting. The knife, fork, spoon and teaspoon are available as a set. Within the range there is an angled knife and left and right-angled forks and spoons that are designed to minimise wrist movement. The cutlery range is hygienically sealed, easy to clean and dishwasher safe. Length of handles 127mm (5").

DISHWASHER SAFE
This product is suitable for use in a dishwasher.

The Newstead Cutlery range has been ergonomically designed to give a soft, non-slip grip, the handles are cushioned to allow the user to hold the utensil firmly but comfortably, even when wet. The handles are made from tough plastic with a soft, flexible overmoulding allowing the handle to adapt to the user's grip. All the utensils are made from stainless steel. The handle's rounded shape allows it to fit naturally into the palm of a hand and is ideal for conditions such as Parkinson's disease, neurological impairments, arthritis or any condition that can cause poor grip. The entire range is latex free and dishwasher safe.

1 Homecraft Newstead Cutlery

The standard Newstead Cutlery range is available to purchase either individually or as a retail packed set of four.

PRICES
For up-to-date prices please see our Website, alternatively contact your Sales Representative or Customer Services.

This attractive and comprehensive range allows a large amount of bespoke cutlery items to be made from 33 modular pieces.

It caters for virtually all needs – economically, visually, aesthetically and functionally. The range covers: standard, angled and specialised utensils; built up, slim, contoured, lightweight and heavyweight handles; and a unique double ended feature to create special utensils for one handed eating or to provide an inconspicuous hand strap. All items are hygienic, non-corroding and dishwasher safe.

See following pages for the selection of utensils, handles and accessories available in the range.

Assembly of Homecraft Kings Cutlery Range

To assemble a cutlery utensil and a handle, you simply push the utensil spigot into the hole in the handle. If the handle needs to be built up further, sleeves can be added. These must be fitted over the slim handle (091098300) first, and then the handle attached to the utensil spigot in the manner described above. If a double ended utensil is required, handles with a hole in both ends are available. The utensils can be rotated to the position required. When using the strap, it is placed between the handle and cutlery spigot or end piece.

1 Homecraft Kings Assessment Kit 33 Pieces

This kit contains one of each utensil, handle and sleeve, plus the Kings Button Hook. Ideal for assessing individual patient needs. Supplied in an attractive case with a specific place for each item.

091098094	E Teaspoon	84mm	17g
091098102	F Soup Spoon	80mm	21g

2 Homecraft Kings Angled Cutlery Utensils

A range similar to the standard utensils but with angled blades for those with limited wrist or arm movement.

- Forks and spoons have left and right handed versions at 40° angles
- The angled adaptor adds extra length and a 30° angle to any utensil
- Knife is 52mm with 80mm offset at 90° angle

		Length	Weight
091098144	A Knife	132mm	20g
091098151	B Left Handed Fork	82mm	21g
091098169	C Right Handed Fork	82mm	21g
091098177	D Left Handed Spoon	82mm	23g
091098185	E Right Handed Spoon	82mm	23g
091098201	F Adaptor - Pack of 3	60mm	10g

3 Homecraft Kings Specialised Cutlery Utensils

The splayed fork (091098110) is a combined fork and spoon and the nelson knife is a combined knife and fork designed to help with one-handed eating.

- The small rocker knife is for cutting food with minimal rocking movement
- Can be used in double-ended cutlery handles to make one utensil more versatile
- The large rocker knife has a broad semi-circular blade ideal for preparing larger food without cocking the wrist

		Length	Weight
091098110	A Splayed Fork	82mm	22g
091098128	B Nelson Knife	110mm	25g
091098136	C Small Rocker	35mm	
		60mm width	19g
091098193	D Large Rocker	Max. width of blade 121mm	45g

4 Homecraft Kings Soft Coated Spoons

These spoons have been dipped in soft, food quality PVC.

- Beneficial for users with bite reflex problem when eating
- Due to the type of use to which these items are subjected, they are only guaranteed for three months

		Length	Weight
081112150	A Tablespoon	100mm	32g
091097815	B Teaspoon	80mm	25g

DISHWASHER SAFE
This product is suitable for use in a dishwasher.

1 Homecraft Kings Standard Built-Up Handle

- Standard Handle has a hollow cylindrical body
- Slim has an oval cross section and this handle is also used as the core
- Contoured handle has a curved shape and finger contours
- The Mushroom is a round hollow doorknob type handle which is easy to grip for those with weak or painful joints
- Heavyweight Handle is similar to the standard, but the core is filled with a metal bar to make it heavier

		Width	Weight
091098227	A Standard	25mm	30g
091098300	B Slim	14-19mm	29g
091098219	C Contoured	22-30mm	85g
091098318	D Mushroom	65mm	52g
091098250	E Heavy Handle	25mm	156g

2 Homecraft Kings Built-Up Sleeves

Contoured PVC sleeves that fit over the slim handle 091098300.

		Width	Weight
091098326	A Oval Sleeve	23-30mm	24g
091098334	B Small Contoured	22mm	19g
091098409	C Large Contoured	29-35mm	38g

3 Homecraft Kings Lightweight Foam Handles

Made from grey sculptured closed cell foam for those unable to cope with the weight of standard built up handles. Washable.

		Width	Weight
091098243	A Small	20mm	10g
091098235	B Large	28mm	12g

4 Homecraft Kings Double Ended Handles with Strap

These are versions of the standard built-up and lightweight foam handles with utensil apertures in both ends.

- Supplied with a transparent adjustable strap and a fixing spigot that fits in the second hole
- A second utensil can be used e.g. the rocker knife 091098136 or angled knife 091098144 with or without the strap, to create versatile one handed cutlery
- Strap measurements 210x20mm (8x4/5")

		Width	Weight
091098268	A Standard	25mm	30g
091098284	B Lightweight	28mm	12g
091098276	Spare Straps - Pack of 10

1 Homecraft Nelson Knife

A stainless steel knife designed for one handed eating. The stainless steel knife blade can be used with a rocker action and the pronged end used as a fork. A built up sleeve from the Kings Modular cutlery range may be added to the handle. Handle length 100mm (4"). Weight 54g.

091098862 Retail Packed

2 Homecraft Splayed Fork with Slim Handle

A stainless steel combination utensil designed for one handed eating. This combined fork and spoon has side edges that have been shaped to give a cutting edge. A built up sleeve from the Kings Modular cutlery range may be added to the handle. Handle length 100mm (4"). Weight 34g.

091098847

3 Amefa Angled Contoured Cutlery

These items have shaped handles to assist those with restricted wrist or finger movement. The knife has a straight built up handle with angled blade that allows cutting with a rocker action. The forks and spoons have curved built up handles that are comfortable to grip and require little wrist movement. The stainless steel utensils are easy to clean and dishwasher safe. Length of handles 114mm (4 1/2").

Weight

- 091098730** **A** Knife 75g
- 091098755** **B** Angled Knife 78g
- 091098763** **C** Left Fork 48g

- 091098789** **E** Left Spoon 54g
- 091098797** **F** Right Spoon 54g

4 Etac® Light Cutlery with Thick Handles

These stainless steel utensils have an ergonomically designed ABS plastic handle and are intended for people with joint problems such as arthritis. The thick, light handles are easy to grip making the cutlery kind to the joints and relieve the strain on the fingers. The knife has a sharp curved blade to aid with cutting and the spoon has a deep bowl to reduce spillage.

RETAIL PACKAGED
These products are supplied in retail packaging.

1 Knork™ Knife & Fork Combination

The Knork™ is a stylish fork with wide, rounded and bevelled outer tines that will safely cut food like a knife, without a sharp edge to cut the mouth of the user. It slices through food with a rocking motion which is facilitated by a finger platform on both sides of the handle. As it is symmetrical it can be used by both left and right handed users.

091177856

2 Unbreakable Utensils

Tough nylon material that is kind to lips and teeth - durable enough to be used by individuals with strong bite reflexes. The utensils can be customised for the user's need by cutting to shape with scissors and smoothing with an emery board. Can be cleaned in a dishwasher up to 80°C (180°F) and sterilised. Pack of 10.

081002708 Teaspoons

081002716 Soup Spoons

3 Flexible Cutlery

These versatile utensils may be angled or positioned in a variety of directions and wrap easily around the hand and/or wrist to secure in the position required. The foam handle is 25mm (1") in diameter. Includes a 250mm (10") Velcro® hook and loop strap that can be used to further secure the utensil on the hand. Each utensil weighs only 113g and measures 356mm (14") long. Dishwasher safe to 50°C (120°F).

081002799 Fork

081002807 Teaspoon

081002815 Tablespoon

081002849 Paediatric Spoon

(Not shown for illustrative purposes)

4 Plastisol™ Coated Spoons

Plastic coated spoons that provide protection for teeth and lips from utensil edges and temperature sensitivity. Not recommended for those with heavy biting reflexes. Dishwasher safe up to 80°C (180°F). Cold water washing prolongs life of the utensil.

One spoon supplied only.

081002625 **A** Long Teaspoon

081002617 **B** Tablespoon

081002666 **C** Teaspoon

5 Rocking T Knife

This rocker knife has a large, 100mm (4") handle with a stainless-steel, single-edged blade. Because pressure is applied directly above the food to be cut, less strength and dexterity is needed by the user. Dishwasher safe up to 105°C (220°F).

081201243

6 Steady Spoon

This uniquely designed spoon allows those who could not ordinarily feed themselves to achieve independence. Five moving parts and counter weights keep the spoon level no matter what the users arm position or level of tremor. The hook and loop strap on the built up handle eliminates the need for strong grasp. The bowl is a standard teaspoon size.

Handle 140mm (5½") long, 32mm (1¼") diameter. Handle and bowl 240mm (9½") long. Strap 127mm (5") long. Weight 226g.

081002898

7 EasiEaters™ Curved Utensils

Lightweight and easy to grip plastic utensils that are angled to promote greater success with hand and mouth feeding. Built up handles make it easier to hold. Set includes fork and spoon. Dishwasher safe. Colour may vary. Handle length 76mm (3").

081004993 Right Handed Utensils

081005008 Left Handed Utensils

1 Elispoon Stabilising Spoon

ELISpoon is a revolutionary spoon that enables independent eating for people with hand coordination difficulties such as Cerebral Palsy, Essential tremors or Parkinson's disease. It is easy to use, to carry and to clean. Counter weights and rotation axes keep the spoon bowl level no matter what the adult or child's arm position or level of tremor, preventing food spillage. There are no electrical components or batteries.

- Counter weights keep the spoon level
- Easy to use and clean
- No electrical components or batteries
- Dishwasher Safe
- Length: 20 cm
- Width: 9.5 cm
- Weight: 70 g
- Colour: White
- Suitable for right and left handed

External Diameter 19mm (3/4")			
091101955	White	6mm	30g

2 Closed Cell Foam Tubing

Used for building up tool and utensil handles to give greater control to people who lack co-ordination, strength or gripping ability. Tubing has a slip resistant outer layer and is dishwasher safe. The tubing is 300mm (12") long and can be cut to the required length. Comes in packs of six. An assortment (two of each) is available for adults and children. The paediatric assortment comes in bright colours (Yellow, Orange and Blue). This is also suitable for the visually impaired.

081169713	Tan	Inner diameter 6mm (1/4") Outer diameter 22mm (7/8")
081169721	Red	Inner diameter 10mm (3/8") Outer diameter 28mm (1 1/8")
081169739	Blue	Inner diameter 16mm (5/8") Outer diameter 28mm (1 1/8")
091102037	Adult Assortment - 2 of each	
091102029	Paediatric Assortment - 2 of each	

3 Elastack™ Tapes

Elastack™ material is so soft, it seals out air on contact to form a suction bond. Adherence releases easily and is never sticky, making Elastack™ tapes ideal to prevent sliding and enhance grips. The ultra soft grade is the most adherent, transparent, and softest, but is not intended for use above room temperature. Medium grade is firmer, translucent, and durable at elevated temperature (dishwasher safe to 220°F/104°C). Tape is 20mm (4/5") wide and 3.6m (12') long. Latex free.

081204965	Ultra Soft Tape
081202118	Medium Soft Tape

081169754	Blue	10mm (3/8")	35mm (1 3/8")

1

2 Homecraft Multi-Holder

Comfortable, easily adjustable, strap handle that provides a secure grasp on a variety of handle shapes and sizes. Made from a soft, stretchy fabric, this utensil securely holds a range of items such as cutlery, pens, pencils, brushes and combs. Useful for people with limited hand function or a weak grip. One size fits all. For left or right handed use. Colours may vary.

091098805

3 Weighted Utensil Holder

Easy to grasp utensil holder with a plastic cone shaped base that fits snugly into the palm of the hand. Designed to angle the utensil away from the palm to make eating easier. The hook and loop fastening enables the holder to be adjusted to fit most hands. The additional 226g weight within the base helps give stability for people with tremors. BPA and latex free.

081004159

4 Built-Up Utensil Holder

For those with poor hand function or a weak grip, this utensil holder has a half cone shaped plastic base, which angles the utensil away from the palm to make eating easier. May be used with cutlery, pens, etc. The hook and loop fastening enables the holder to be adjusted to fit most hands. BPA and latex free.

This product is suitable for use in a dishwasher.

INFORMATION

Differences between melamine and polypropylene:

Melamine

- Heavier weight plastic
- Break resistant
- Scratch resistant
- Stain resistant
- Not microwavable
- Dishwasher safe up to 80°C (180°F)

Polypropylene

- Lightweight plastic
- Unbreakable
- Can scratch
- Can stain
- Microwavable
- Dishwasher safe up to 80°C (180°F)

1 Suction Scoop Dish

Features three suction cups fixed on the base for maximum stability. Just moisten the suction cups and press to smooth, flat surface. Off white melamine with a heavy duty reinforced 229mm (9") rim and base. Provides stable, non-slip eating surface. Dishwasher safe up to 80°C (180°F). Not recommended for use with microwaves.

081004886**2 Scooper Plate**

This flat bottom plate has a high rim with a reverse curve on one side that helps in scooping food onto a spoon or fork without spilling over the side. Made from blue, heat resistant plastic, it has a non-slip detachable suction ring. Once the suction ring has been removed, the plate is dishwasher safe. Diameter 165mm (6 1/2").

081098888**3 Suction Scooper Bowl**

This 110mm (4 1/2") dish has a suction base attached. The curved rim guides food onto the spoon whilst the slip-resistant base helps keep the bowl firmly in place. Once the suction ring has been removed, the bowl is dishwasher safe. Colours may vary.

081005693**5 Hi-Lo Dish**

Users can push food onto cutlery against the vertical wall that surrounds half of this plate. The entry wall is at the lowest point and gradually slopes upward. Constructed of white polyester with non-slip feet on base. Dishwasher safe up to 80°C (180°F) and suitable for use in a microwave. 195mm (7 3/4") diameter. 13mm (1/2") to 45mm (1 3/4") lip height.

081146349**6 Keep Warm Dish**

Simply unlock the plug and fill the chamber with hot water to keep food warm for extended periods. Plastic funnel included. Top-rack dishwasher safe, but not suitable for the microwave. Measures 50mm (2") high x 200mm (8") diameter. 650ml capacity. Weight 900g. Comes with Lid. Colours may vary.

1 Plate with Inside Edge

The curved inside edge keeps food from sliding off the plate to make self-feeding easier for children or adults. Plate is 230mm (9") in diameter with a 25mm (1") rim and a 13mm (1/2") edge. Dishwasher safe up to 80°C (180°F) and microwave safe. Made from polypropylene.

081004670

2 Round Scoop Dish

Moulded low at the front and high at the back, this unbreakable, round scoop dish is especially useful for those eating with just one hand. Non-slip, rubber padded bottom provides control when using the scoop feature. 200mm (8") diameter. Washes in top shelf of domestic dishwashers. Not recommended for microwave use.

081005636 Yellow

081005644 Ivory

08111780 Red

3 Scoop Plate

Ideal for the one-handed user. The vertical wall guides food onto utensils. This lightweight polypropylene plate has a non-slip rubber-coated base to prevent sliding. Entry wall is 13mm (1/2") high and steadily increases upward to 38mm (1 1/2"). 230mm (9") diameter provides plenty of space for any size meal. This microwaveable plate has a 19mm (3/4") rim for easy handling. Dishwasher safe.

The Homecraft range of cups and mugs has been designed to aid independence and be suitable for a variety of needs, making them ideal for care home or home use.

1 Homecraft Feeding Cups

A range of clear plastic cups, designed for easy gripping. Two types of lid are available – a standard vented lid with a drinking spout or a lid with an adjustable spout that can be set vertical or clicked into an angled position. Both lids are available with either 4mm spouts for liquids or 8mm spouts for semi-solids/thickened liquids. The cups are supplied in pairs and are dishwasher safe up to 135°C (275°F).

	Spout Type	Aperture size	Capacity	Weight
091099977	Standard	4mm	250ml (9fl.oz)	80g
091099985	Standard	8mm	250ml (9fl.oz)	80g
091099993	Adjustable	4mm	250ml (9fl.oz)	100g
091100015	Adjustable	8mm	250ml (9fl.oz)	100g

2 Homecraft Clear Beakers with Holder

This beaker holder is made from toughened ABS plastic for extra strength and fits the **091099977**, **091099985**, **091099993** and **091100015** style of beakers. The beakers simply slot into the holder and are gripped in place providing a large easy to grip double handle. The wide rim base prevents beakers being easily knocked over. Each beaker holder is supplied with two mugs and two lids (4mm and 8mm spout). Dishwasher safe.

091421015 Beaker Holder & 2 Mugs Retail Packed

3 Homecraft Wing Handled Beaker

The large wing handles allow this beaker to be gripped in a comfortable position making it ideal for anyone with limited grip. Raised ridges prevent the mug slipping and consumption can be easily measured from the gradations on the side. The beakers are supplied as a pair with a narrow spout for liquids and wide spout for semi-solids. The beakers are dishwasher safe but the lids should be washed in warm water only.

RETAIL PACKAGED
These products are supplied in retail packaging.

DISHWASHER SAFE
This product is suitable for use in a dishwasher.

1 Homecraft Shatterproof Mug

This attractive mug is made from a tough, shatterproof material to prevent accidental breakage. The liquid consumption is easily measured by the marked gradations and the mug is supplied with a choice of lids. The spout lid helps with drinking and the recessed spill-proof lid avoids splashes. The mug is dishwasher safe and microwaveable, but the lids should be washed by hand. **081569656**

2 Homecraft Two Handled Mug and Lids

This popular mug has larger handles and shaped finger holds for ease of use. Gradations in the translucent material allow liquid consumption to be measured. The mug has a larger 270ml (9fl.oz) capacity. The lids supplied also fit the **081569656** shatterproof mug. Supplied as a pair with two lids – one spout lid and one splash lid. The mug is dishwasher safe, but lids should be cleaned in warm soapy water only. **091099571** Pair Retail Packed

3 Homecraft Wide Base Mug

This mug is made from high strength polycarbonate and has a wide base for stability to help prevent tipping. The dual handles provide a secure grip making it ideal for anyone who has a limited grasp. It also features visible gradations on the side so that liquid consumption can be easily measured. Available with either a white spouted lid or a clear spouted lid. An anti-splash lid is also supplied with the **091001262** mug. Capacity 285ml. Dishwasher safe.

 **DISHWASHER SAFE**
This product is suitable for use in a dishwasher.

1 Sure Grip Mug

This feeding cup is designed with an angled spout to facilitate ease of use. Grooves in the cup ensure a better grip and the unique lid enables flow control and reduces spills if the cup is tipped over. Microwave and dishwasher safe up to 130°C degrees. Supplied with either a lid with a small aperture for liquids, or a large aperture for semi solids. A choice of colours is also available. Capacity 200ml (7fl.oz.).

Colour	Lid Aperture
091099589 Clear	Small
091099639 Clear	Large
091099647 Blue	Small
091099670 Yellow	Small
091099654 Green	Small
091099662 Pink	Small

2 Cup with Temperature Regulated Lid

This version of the Sure Grip mug above has a lid that changes colour when the contents are hotter than body temperature. If liquids hotter than 37½°C (96°F) are put into the beaker the lid will change colour from blue to pink, alerting the user to be careful when drinking. The lid is safe and easy to use and can also be used with a straw. Do not leave lid in direct sunlight.

091100114

3 Novo Cup

The Novo Cup is ideal for those who are in bed, lying down or have restricted head and neck movement. The 250ml cup is dishwasher and microwave safe. It is suitable for both hot and cold liquids. Once the lid is placed firmly on the cup and the stopper is in place, the cup becomes spill proof after the first sip.

091099498

4 Medeci System Cup

Available in three colours (suitable for the visually impaired) and able to be customised to individual needs. The handles can be inserted into fluted slots on the cup in the positions best suited to the user. Made from tough ABS plastic, the cups are microwaveable, dishwasher safe, stackable, hardwearing and versatile. Only available with a spout top lid. Capacity 340ml. (12fl.oz). Weight 170g.

DISHWASHER SAFE
This product is suitable for use in a dishwasher.

1 Nosey Cutout Tumblers

These cups are designed for added comfort and convenience. A special cutout helps to maintain the proper head and neck positioning when swallowing, making drinking even easier. Each tumbler is transparent which enables monitoring of liquid intake. Durable polypropylene makes these tumblers dishwasher safe up to 109°C (228°F).

- 081003466** 115ml (4fl.oz)
- 081003391** 236ml (8fl.oz)
- 081003425** 340ml (12fl.oz)

2 Dysphagia Mug

The design of this cup helps prevent liquids from escaping at the lips and directs the liquid to the centre of the mouth. It provides sufficient nose clearance to empty the cup without tilting the head back. The extended handle accommodates gripping by the entire hand or by the thumb only. Dishwasher safe to 80°C (180°F). Not recommended for microwave use.

- 081290527** Almond
- 081290535** Green

3 Homecraft Deluxe Nosey Cup

This stylish cup is shaped to avoid contact with your nose when the cup is tipped allowing you to drink without tipping your head back. The material is tough polycarbonate which is shatterproof and resists cracking, prolonging the life of the cup. The ergonomic shape ensures that it sits comfortably in the hand, making it easy for those with limited grip. The cup is also available with a set of handles which clip into the inset rim around the edge of the cup helping those with limited vision and allowing a firmer two handed grip if necessary. Simply align the small lugs on the cup to the corresponding holes in the handle and press firmly into place. To remove the handles, gently twist each side in turn and pull down. Microwave safe and dishwasher safe up to 80°C. Capacity 250ml.

- 091536275** Deluxe Nosey Cup
- 091536283** Deluxe Nosey Cup with Handles
- 091536333** Spare Handle

4 Nosey Cutout Cup

Designed for use by people who have difficulty tipping their head back. The cup is notched to allow room for the nose when cup is tipped. Dishwasher safe. Capacity 237ml (8fl.oz). Weight 40g.

081290584

5 Ergonomic Nosey Cup

This ergonomic Nosey Cup provides a steadier grip with its contoured shape and a slightly textured surface. A special cutout for the nose area allows users to drink easily without tipping the head back. Translucent plastic lets the carer monitor liquid intake easily. Dishwasher safe up to 80°C (180°F).

081003516

6 Flexi Cups

These flexible cups with cut outs can be gently squeezed to change the shape of the cup lid. Liquid is visible through the plastic to aid with feeding. The green cup is stiffer and designed to be used independently. Dishwasher safe and latex free.

- 081200393** Pink Flexi Cups 30ml (1fl.oz.) Set of 5
- 081200401** Blue Flexi Cups 59ml (2fl.oz.) Set of 5
- 081200419** Green Flexi Cups 207ml (7fl.oz.) Set of 5

7 Handy Cup

This two handled transparent polycarbonate cup has an extra wide base that provides stability, reducing the possibility of accidental spills. The angled design allows a person to drink without having to tip their head back to drain the cup. It can also be tipped beyond the point where a normal cup would touch the bridge of the nose. The user requires little (or no) neck movement to be able to use the cup. Holds 237ml (8fl.oz.). Weight 112g. Dishwasher and microwave safe.

081112341

 **DISHWASHER SAFE**
These products are suitable for use in a dishwasher.

1

1 Easi 2 Drink Tumbler

This unique product aids those who have difficulty in drinking without spilling. It is particularly suitable for those who suffer from hand tremors, Parkinson's Disease and Multiple Sclerosis amongst other conditions. The plastic insert sits inside the tumbler and restricts the wave motion of the liquid helping reduce the possibility of spills. The inserts are made from ladene polyethylene and are dishwasher safe. The inserts can be easily removed for cleaning purposes. A stainless steel extractor for the insert is included. Tumbler is ceramic.

091099522 Easi 2 Drink Tumbler

091099530 Spare Insert

2

2 Etac® Clear Beaker and Holder

A clear, insulated beaker, which has a lid and spout to reduce spillage when drinking. The holder has a large handle and a supporting lip so that it can be held firmly using both hands. Dishwasher safe. Capacity 400ml (14fl.oz). Weight: Beaker 54g, holder 56g, lid with spout 13g.

091099480

3

3 Provale™ Regulating Cup

Created to preserve the dignity of those who suffer from dysphagia or disorders associated with difficulty swallowing. The Provale™ Cup can be filled at the beginning of the meal and the diner can drink at will, on their own. The cup delivers a measured amount of liquid (5ml or 10ml) to the drinker to prevent choking. The cup also allows cleanup to be limited to one piece of dinnerware rather than the several parts of other feeders. Optional one or two easy-grip handle or no handle design. Dishwasher safe.

081066471 5ml Dispenser Blue

081066489 10ml Dispenser Brown

4

4 Insulated Mug with Lid

This polypropylene mug has a large easy to grasp handle and insulates hot or cold liquids. A weighted cup is also available, which has an extra 225g (8oz) of weight to make it easier for patients with tremors and athetosis to control movement while drinking. Not recommended for dishwasher or microwave use. Capacity 340ml (12 fl oz).

081003300 Standard Cup

081003094 Weighted Cup

1 Vital Cup

Drink with ease – even in bed. The Vital Cup is designed for anyone who has a limited range of motion of the neck and can be used when lying in bed. Its unique design enables you to drink comfortably and independently due to the cone shaped interior cup. The contents of the cup can be emptied completely and easily without having to tip the cup. The Vital Cup is microwaveable and dishwasher safe. Height 115mm. Weight 140g. Diameter 71mm. Capacity 200ml.

091530799 Red

2 RiJe Dysphagia Cup

The RiJe Dysphagia Cup is designed for people suffering with difficulty swallowing or requiring pre-determined dose of liquid. It is also ideal if you have a limited range of head, neck and arm movement. The portion size can be pre-set to any size from 3ml to 15ml to provide and accurate consistent delivery. The cup automatically dispenses a limited portion of liquid each time it stands in its upright position. Once the portion is withdrawn and the cup is placed in an upright position again, it delivers another portion within 2-3 seconds. The RiJe Cup benefits from large ergonomic handles for a secure grip and a good nose cut for easy drinking without tilting your head back. It can be used with water like or light nectar thickened liquids (approximately the viscosity of maple syrup). Dishwasher safe to 180°F and suitable for use with warm and cold drinks.

081615178

3 Cup with Built-In Straw

For adults or children who need to drink with a straw, the cup eliminates the need to continuously buy extra straws. The straw reaches the liquid at the bottom of the cup to prevent air ingestion. BPA and Phthalates free. Holds 370ml.

1 The Hydrant Drinking System

The award-winning Hydrant assists in the prevention of dehydration, which is a big problem within healthcare, and in turn can create other health problems, e.g. constipation, urinary tract infections, dizziness, bed sores and blood pressure problems. Where people are bed bound or have limited mobility, the risk of dehydration is increased, as they are dependent on someone else to help them access fluids. The Hydrant eliminates this problem, with its ability to hook, clip or hang onto beds, wheelchairs, chairs, belts, and with its long drinking tube to assist the user.

With its integrated cap and hanging bracket, the Hydrant has a drinking tube with a bite valve and a small clip to attach the tube to clothing if required. When the bottle is hung from a bed, chair, or wheelchair, the user simply takes hold of the tube, inserts the bite valve between their lips, then bites and sucks it to access the fluid. This ensures there are no leaks, spills or drips. If hung above head height, the tube works as a siphon, helping those with limited sucking ability, as fluid gently flows when the valve is activated. It has an ergonomic handle and indentations for easy holding, even for users with a poor grip, Parkinson's, MS, Arthritis, etc. It also has gradations on the side to monitor fluid intake.

The Hydrant has become standard issue equipment in some hospitals and rehabilitation units.

Dishwasher safe.

1 Kennedy™ Cup

This spill-proof cup is perfect when sitting or reclining. The easy-to-grip handle can be picked up by weaker hands and is suitable for right or left handed people. The lid screws on tightly to prevent leaks and accepts any standard disposable straw. This lightweight, durable cup holds 200ml (7fl.oz) of warm or cold liquid. Dishwasher safe to 80°C (180°F). Latex free. Height 11.5cm (4½").

081003821

1

2 Sip-Tip Drinking Cup

The Sip-Tip valve helps straws stay full of fluid, reducing the amount of air ingested and effort required. The one-way valve can be trimmed at designated areas, giving the user selective flow restriction. Valve and lid are compatible with most brands of disposable flex straws. The spill-resistant tumbler has a graduated scale to monitor intake. Not recommended for carbonated beverages. Microwave and dishwasher safe to 82°C (180°F). Latex free.

081204148 Sip-Tip Drinking Cup with Lid, One-way Valve and 10 Straws

2

3 One-Way Drinking Straws

These straws have one-way valves which stay filled with fluid, even after removing the straw from a user's lips. This feature eliminates the possibility of sucking in too much air while drinking. The clip-on straw hooks onto the side of a glass or cup to prevent the straw falling out. Each package contains two straws, one 254mm (10") and one 178mm (7"). Latex free.

091438357

4 Re-Usable Drinking Straws

These 457mm (18") straws come in two varieties: flexible and rigid. The 5mm (3/16") and 6mm (1/4") diameter, rigid straw can be heated with a heat gun and reshaped as desired. The rigid straw is ideal for soups. The flexible polyethylene straw comes with a 5mm (3/16") diameter hole. Latex free.

	Type	Diameter	Pack Size

1 Cordless Electric Mini Jug Kettle

A miniature kettle, ideal for boiling small amounts of water. It has an automatic cut out switch and the base can be fixed down, with provision for screws. It is extremely light and easy to lift compared to standard kettles and is ideal when travelling. The kettle can be easily lifted from the base providing maximum freedom of movement when filling or pouring.

Size 190mm×125×205mm. Capacity 800ml. Weight 0.6kg.

091100239

2 Homecraft Long Handled Bottle Holder

This long handled wire frame is used to carry bottles easily and safely without having to bend to pick them up, leaving a hand free for support. Handle length 600mm (24").

Max bottle diameter 83mm (3¼"). Weight 610g.

091096916

3 Derby Kettle and Teapot Tipper

This tipper allows the safe and steady pouring of hot liquids without lifting any weight. The Teapot Tipper is designed to assist those who have problems with physical tremors or have difficulty in pouring. It is suitable for most types of teapots or electric kettles and comes with a Velcro® hook and loop strap for added security. Made completely from plastic it is lightweight and corrosion resistant. Suitable for use with cordless kettles. Length 205mm (8"). Width 275mm (11"). Height 200mm (8"). Weight 500g. When using the tipper with a cordless kettle (especially a jug kettle) for additional safety, it is recommended that the Tipper Stabiliser Base is used.

1 Homecraft Universal Kettle Tipper

This innovative kettle tipper is designed to be compatible with most kettle types including standard, jug and cordless kettles. The lever can be positioned on either side of the tipper to tip the kettle while it is held in place, without the user having to actually lift the water. This reduces the effort required and potential strain on the wrist that can occur when holding the kettle handle. For added safety the kettle will rock back into the upright position if the user lets go during use. The base plate is 200mm in diameter and has a sliding stop at the front so that the kettle can be positioned in the most suitable position. It is then secured in place by the two sturdy straps. The tipper is manufactured from attractive heat resistant plastic for durability and has rubber feet to prevent sliding on the work surface.

091207281

2 Homecraft Cordless Kettle Tipper

This innovative kettle tipper will suit most cordless kettles. There is a metal plate that secures the base of the cordless kettle and a frame with a hook and loop strap to keep the upper part of the kettle in place. A cut out at the foot of the tipper allows cups to be positioned as close to the kettle as required. The frame has a built in back stop to prevent spillage if the kettle is accidentally released during use. Weight 1kg.

1 Disposable Bibs

Convenient, lightweight, throw away clothes protectors that comfortably tie behind the neck, with a 100mm (4") trough to prevent runoff. Sold in packs of 50. Bib size 457x406mm (18x16").

081004233

2 Tabard Style Bibs

These tabard style clothes protectors are waterproof, absorbent and comfortable. The designs have a subtle, over-the-shoulder shape which provides the attractive and dignified look of a tabard but with a short back, making it an easy shape to put on and take off. The tabards have wide shoulder coverage and are shaped at the front to enable free arm movement at mealtimes. The long lasting snap fasteners are reinforced to ensure they stay firmly fixed in place allowing wide adjustment around the neck to suit most sizes or, alternatively, the tabards can be stretched over the head for convenience. Machine washable up to 80°C. Tumble drier proof.

3 Adult Neckerchiefs

These stylish Adult Neckerchiefs have a subtle and dignified look, are very soft to feel, absorb liquid instantly and are 100% waterproof. The Neckerchiefs are made from super-soft, lightweight fabrics throughout, which allow the bib to gather easily and comfortably around the neck. The gentle folds in the fabric help catch spills and give an attractive, neckerchief or scarf style look. The front fabric is absorbent, wicking away moisture helping to keep skin dry. It has a middle absorbent layer and waterproof back layer to offer total protection to clothes. The garment is quick fastening at the back of the neck. Machine washable at 40°C and suitable for use in a tumble drier. Width (across shoulders) 340mm (13"). Length (neck to bottom of garment) 200mm (8"). Neck circumference 400-500mm (15¾-19¾").

1 Homecraft Everyday Bib

A smart and practical bib for everyday use. The colourfast polycotton outer is hard-wearing but absorbent. The soft, flexible waterproof backing ensures that clothes are not stained. All bibs are fitted with press studs so that a pocket can be formed to catch excess food if required. Bibs can be fastened either with hook and loop patches for quick, easy donning, or with metal poppers for extra security. There are two alternative fastening positions for the poppers. The bibs are fully washable and can be tumble dried at low temperatures.

Available in three sizes: Small 580×380mm (23×15"); Medium 680×460mm (26¾×18"); Large 890×460mm (35×18").

Blue	Red	Size

1 Homecraft Stay Tray with Bean Bag

The Stay Tray with bean bag sits comfortably on your lap in a stable position. It allows you to use the tray sitting on a chair or lying in bed, providing a firm base for eating, drinking or recreational activities. The tray is washable and comes with a detachable bean bag. The bean bag cover is also removable and can be machine washed. The tray is supplied with a non-slip, heat-resistant silicon mat to stop plates or cups from sliding. The mat colour may vary.

091100338

2 Homecraft Freehand Tray

The Freehand Tray range allows you to carry the tray and its contents with only one hand, allowing you to open doors, climb stairs and support yourself safely whilst carrying items. The unique handle folds flat inside the inner rim of the tray and locks into place in the upright position, ensuring your hands do not become trapped when you put the tray down. The handle can easily be removed if required, for cleaning or use as a standard tray.

The tray is available in three variations

Tray with Carry Handle

091100320

Freehand Tray with Non Slip Mat

A tray with a non-slip, heat-resistant silicon mat to stop plates or cups from sliding (mat colour may vary)

091100312

4 The Buckingham Walking Frame Caddy

Developed by healthcare professionals to enable users of wheeled walking frames to safely transport a variety of daily living items. In most instances it can replace the need for a trolley. The caddy enables a user to carry most items safely and more importantly, independently without being reliant upon carers. With one large and one small compartment to allow the user to separate items such as glasses, keys, medication etc. Supplied with a tray that is designed to safely transport a plate of food, and a mug holder which holds any spillages. The caddy is easy to fit to most styles of walking frame. Manufactured from a tough, durable plastic it can be cleaned in a dishwasher and has drainage holes, for easy drying. Width without tray 434mm (17"). Width with tray 457mm (18"). Depth with tray 310mm (12¹/₄"). Height 200mm (8"). Total weight 1kg.
